Discussion points:

- This will bring "closure" to the long range plan
- Committee priority sheet studied (rated 1 through 4
- -1st priority = 1)
 - Lincoln, Washington/Castlerock, Pioneer, WHS & portable pad all Bond #1 as a first priority
- Question brought up whether we should include the priorities # 3's and 4's during campaigning for bond #1. We don't want to confuse the public.

- O Wording questioned on Tables Bond phase #1 for \$65,000,000. make more user friendly & be more specific so public knows what we are doing and what is involved
- o Front Funding Local dollars Linc./WA/Pio.
- o Castlerock (WA Sp Ed) operational or partial modernization
- o Columbia exterior
- o WHS portable pad includes all utilities plumbed in
- o Table 18 & 19 discussed for future bond phases

The board asked how the Town Toyota issue is going to impact our running a bond, especially if they default. CFO Vandervort agreed that it would have an impact, but to what degree is hard to know. But, he added, would definitely have a possible negative impact. Superintendent Flones recommended we get out to the public to see what kind of support we have on this bond package. Deadline for April bond election is March 2nd. Some board members felt this is a tight squeeze to educate the public. Mr. Flones agreed with that and added he feels, with as many irons as we already have in the fire, the timeline would be difficult. Educating the staff is first at hand. Discussion about ways to reach public:

- o Test run it by people
- o Focus groups
- o Polls or surveys
- o Webpage
- o Board public forums

Student's concern about wording of turf not appropriate to compare to classrooms. There was also concern that minor projects could cloud things up and the public not be able to see the true priority projects. After the discussion the board asked Mr. Flones if it would be appropriate to contact SNW and see if they have a scenario of the effects of the Town Toyota Center could have on our bond. They also asked to see what is going to be effected by the Governor's 2 billion dollar cuts. Several felt April is really close for organizing an ad campaign and agreed the board is going to have to step up to help with this project. Mr. Flones agreed to pull all this information together for the board. The board thanked the Facilities Committee for the many hours of work.
