

MANAGEMENT SUPPORT

BONDS: POST-ISSUANCE COMPLIANCE PROCEDURES FOR TAX-EXEMPT BONDS

1. Purpose. The purpose of these post-issuance compliance procedures (“Compliance Procedures”) for tax-exempt bonds issued by Wenatchee School District No. 246, Chelan County, Washington (the “District”), for which federal tax exemption is provided by the Internal Revenue Code of 1986, as amended (the “Code”), is to ensure that the District will be in compliance with requirements of the Code that must be satisfied with respect to such bonds or other obligations (sometimes collectively referred to herein as “bonds” or “tax-exempt bonds”) after the bonds are issued.

2. Responsibility for Monitoring Post-Issuance Tax Compliance. The Board of Directors of the District (the “Board”) has the overall, final responsibility for monitoring whether the District is in compliance with post-issuance federal tax requirements for the District’s tax-exempt bonds. However, the District’s Chief Financial Officer, or such other officer of the District who may in the future perform the duties of that office, if any (the “Chief Financial Officer”), shall have the primary operating responsibility to monitor the District’s compliance with post-issuance federal tax requirements for the District’s bonds.

3. Arbitrage Yield Restriction and Rebate Requirements. The Chief Financial Officer shall maintain or cause to be maintained records of:

(a) purchases and sales of investments made with bond proceeds (including amounts treated as “gross proceeds” of bonds under section 148 of the Code) and receipts of earnings on those investments;

(b) expenditures made with bond proceeds (including investment earnings on bond proceeds) in a timely and diligent manner for the governmental purposes of the bonds, such as for the costs of purchasing, constructing and/or renovating property and facilities;

(c) information showing, where applicable for a particular calendar year, that the District was eligible to be treated as a “small issuer” in respect of bonds issued in that calendar year because the District did not reasonably expect to issue more than (i) \$5,000,000 of tax-exempt bonds in that calendar year or (ii) \$15,000,000, of which any amount in excess of \$5,000,000 will be attributable to the financing of capital expenditures made after December 31, 2001, for the construction of public school facilities;

(d) calculations that will be sufficient to demonstrate to the Internal Revenue Service (“IRS”) upon an audit of a bond issue that, where applicable, the District has complied with an available spending exception to the arbitrage rebate requirement in respect of that bond issue;

(e) calculations that will be sufficient to demonstrate to the IRS upon an audit of a bond issue for which no exception to the arbitrage rebate requirement was applicable, that the rebate amount, if any, that was payable to the United States of America in respect of investments made with gross proceeds of that bond issue was calculated and timely paid with Form 8038-T timely filed with the IRS; and

(f) information and records showing that investments held in yield-restricted advance refunding or defeasance escrows for bonds, and investments made with unspent bond proceeds after the expiration of the applicable temporary period, were not invested in higher-yielding investments.

4. Restrictions on Private Business Use and Private Loans. The Chief Financial Officer shall adopt other procedures that are calculated to educate and inform the principal operating officials of those departments, including capital projects and facility departments, if any, of the District (the “users”) for which land, buildings, facilities and equipment (“property”) are financed with proceeds of tax-exempt bonds about the restrictions on private business use that apply to that property after the bonds have been

issued, and of the restriction on the use of proceeds of tax-exempt bonds to make or finance any loan to any person other than a state or local government unit.

In particular, following the issuance of bonds for the financing of property, the Chief Financial Officer shall provide to the users of the property a copy of these Compliance Procedures and other appropriate written guidance advising that:

(a) “private business use” means use by any person other than a state or local government unit, including business corporations, partnerships, limited liability companies, associations, nonprofit corporations, natural persons engaged in trade or business activity, and *the United States of America and any federal agency*, as a result of ownership of the property or use of the property under a lease, management or service contract (except for certain “qualified” management or service contracts), output contract for the purchase of electricity or water, privately sponsored research contract (except for certain “qualified” research contracts), “naming rights” contract, “public-private partnership” arrangement, or any similar use arrangement that provides special legal entitlements for the use of the bond-financed property;

(b) under section 141 of the Code, no more than 10% of the proceeds of any tax-exempt bond issue (including the property financed with the bonds) may be used for private business use, of which no more than 5% of the proceeds of the tax-exempt bond issue (including the property financed with the bonds) may be used for any “unrelated” private business use—that is, generally, a private business use that is not functionally related to the governmental purposes of the bonds; and no more than *the lesser* of \$5,000,000 or 5% of the proceeds of a tax-exempt bond issue may be used to make or finance a loan to any person other than a state or local government unit;

(c) before entering into any special use arrangement with a nongovernmental person that involves the use of bond-financed property, the user must consult with the Chief Financial Officer, provide the Chief Financial Officer with a description of the proposed nongovernmental use arrangement, and determine whether that use arrangement, if put into effect, will be consistent with the restrictions on private business use of the bond-financed property;

(d) in connection with the evaluation of any proposed nongovernmental use arrangement, the Chief Financial Officer should consult with nationally recognized bond counsel to the District as may be necessary to obtain federal tax advice on whether that use arrangement, if put into effect, will be consistent with the restrictions on private business use of the bond-financed property, and, if not, whether any “remedial action” permitted under Section 141 of the Code may be taken by the District as a means of enabling that use arrangement to be put into effect without adversely affecting the tax-exempt status of the bonds that financed the property; and

(e) the Chief Financial Officer and the user of the property shall maintain records of such nongovernmental uses, if any, of bond-financed property, including copies of the pertinent leases, contracts or other documentation, and the related determination that those nongovernmental uses are not inconsistent with the tax-exempt status of the bonds that financed the property.

5. Records to be Maintained for Tax-Exempt Bonds. It is the procedure of the District that, unless otherwise permitted by future IRS regulations or other guidance, written records (which may be in electronic form) will be maintained with respect to each bond issue for as long as those bonds remain outstanding, plus three years. For this purpose, the bonds include refunding bonds that refund the original bonds and thereby refinance the property that was financed by the original bonds.

The records to be maintained are to include:

(a) the official Transcript of Proceedings for the original issuance of the bonds;

(b) records showing how the bond proceeds were invested, as described in 3(a) above;

(c) records showing how the bond proceeds were spent, as described in 3(b) above, including purchase contracts, construction contracts, progress payment requests, invoices, cancelled checks, payment of bond issuance costs, and records of “allocations” of bond proceeds to make reimbursement for project expenditures made before the bonds were actually issued;

(d) information, records and calculations showing that, with respect to each bond issue, the District was eligible for the “small issuer” exception or one of the spending exceptions to the arbitrage rebate requirement or, if not, that the rebate amount, if any, that was payable to the United States of America in respect of investments made with gross proceeds of that bond issue was calculated and timely paid with Form 8038-T timely filed with the IRS, as described in 3(c), (d) and (e) above; and

(e) records showing that special use arrangements, if any, affecting bond-financed property made by the District with nongovernmental persons, if any, are consistent with applicable restrictions on private business use of property financed with proceeds of tax-exempt bonds and restrictions on the use of proceeds of tax-exempt bonds to make or finance loans to any person other than a state or local government unit, as described in 4 above.

The basic purpose of the foregoing record retention procedure for the District’s tax-exempt bonds is to enable the District to readily demonstrate to the IRS upon an audit of any tax-exempt bond issue that the District has fully complied with all federal tax requirements that must be satisfied after the issue date of the bonds so that those bonds continue to be eligible for tax exemption under the Code.

6. Identification and Remediation of Potential Violations of Federal Tax Requirements for Tax-Exempt Bonds.

(a) So long as any of the District’s tax-exempt bond issues remain outstanding, the Chief Financial Officer should periodically consult with the users of the District’s bond-financed property to review and determine whether current use arrangements involving that property continue to comply with applicable federal tax requirements as described in these Compliance Procedures. This may be accomplished, for example, by periodically meeting with users, providing questionnaires to users about current use arrangements, or adopting other protocols reasonably calculated to ensure compliance with applicable federal tax requirements on a continuing basis. This periodic review may be scheduled, for example, at or before the times that the District is required to file with the Municipal Securities Rulemaking Board the annual financial information and operating data pursuant to the District’s undertaking to provide continuing disclosure with respect to outstanding bonds.

(b) If at any time during the life of an issue of tax-exempt bonds, the District discovers that a violation of federal tax requirements applicable to that issue may have occurred, the Chief Financial Officer will consult with bond counsel to determine whether any such violation actually has occurred and, if so, take prompt action to accomplish an available remedial action under applicable IRS regulations or to enter into a closing agreement with the IRS under the Voluntary Closing Agreement Program described under Notice 2008-31 or other future published guidance.

7. Education Procedure With Respect to Federal Tax Requirements for Tax-Exempt Bonds. It is the procedure of the District that the Chief Financial Officer and his or her staff, as well as the principal operating officials of those departments of the District for which property is financed with proceeds of tax-exempt bonds should be provided with education and training on federal tax requirements applicable to tax-exempt bonds. The District recognizes that such education and training is vital as a means of helping to ensure that the District remains in compliance with those federal tax requirements in respect of its bonds. The District therefore will enable and encourage, to the extent the District can afford to do so, those

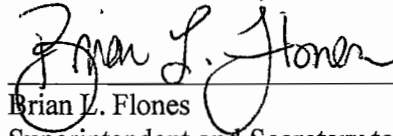

personnel to attend and participate in educational and training programs offered by, among others, the Washington Association of School Administrators, Washington State School Directors Association, and the Washington Association of School Business Officials with regard to the federal tax requirements applicable to tax-exempt bonds.

8. Responsibility for Continuing Disclosure Undertaking. Under the provisions of Securities and Exchange Commission Rule 15c2-12 ("Rule 15c2-12"), underwriters are required to obtain an agreement for ongoing continuing disclosure in connection with the public offering of municipal securities. Unless the District is exempt from compliance with Rule 15c2-12 as a result of certain permitted exemptions, the District's responsibility to provide ongoing continuing disclosure to the municipal securities markets is set forth in the bond resolution or in a separate continuing disclosure agreement for each publicly sold issue of bonds (the "Continuing Disclosure Undertaking"). Each Continuing Disclosure Undertaking requires the District to provide to the municipal securities markets certain annual financial information and notices of certain listed events. The Chief Financial Officer shall monitor compliance by the District with each Continuing Disclosure Undertaking, shall maintain a file that includes a copy of each Continuing Disclosure Undertaking entered into by the District, shall ensure that the information required to be disclosed is disclosed in a timely fashion and shall cause any failure to make disclosure to be remedied in a timely fashion.

Legal reference: Resolutions of the Board, adopted and to be adopted, authorizing the issuance of tax-exempt bonds; Sections 103, 141, 148, 149, 150 and 265 of the Internal Revenue Code of 1986; Securities and Exchange Commission Rule 15c2-12; and Chapters 28A.335, 28A.530, 39.36, 39.46, 39.50 and 39.53 RCW.

Approved this 12th day of May, 2014.
