LIT VOTES on Conferences:

3 – 9 votes

Option 3 was the clear leader on my team

Fountains

Team leans toward yes, especially in the current budget crisis

CTE has not asked for funds in a long time but they are no longer funded like they used to be

If we don't give them the funds the kids will do a fundraiser to buy the fountains

CTE is happy to compromise so they get at least 1.

They do not really care about the model as long as it is cold and has water bottle filler, so the model price quoted might change.

Requests from my team:

Talk about the 130k cut to lit next year – This is actually stipends, not class mix funds.

Follow up w/Eric on Club and ASB funds
