

Buzzell LIT Small Meeting Notes: 11/19/18

1. Conferences - how did it go?

Less people-rush was the samemost came around 3-4 and 6

Like the friday off

Morning conferences for spring? Foothills 8:30-11 (not many parents showed-next time teachers make calls 8-9)

More then one day option

Calls prior to conferences = super helpful

I wish would have been in class.

2. Ending 1st semester and losing an A day due to the finals schedule - how do we solve this?

Like the schedule want to make sure kiddos from 12-3 are being monitored

3. There is a group of teachers getting together to do a book study on equity in the classroom. If there are any teachers interested in joining, let me know and I'll forward their names.

What is the commitment?

Lindsay Hildofer?

Positive Attendance?

Kids adjusted to it quickly

Shipping in wearhouse

-Science dept.-live products are kept and not being processed on time-things get to them late, dead and throws off lesson plans
