

Andrewjeski Small Team LIT 2/1/21.

1. Hybrid Schedule:

- Quick time between classes. Not a lot of time to clean, go to bathroom, take masks off to breathe. Use Hydrogen Peroxide, one side of desks only, spray don't wipe - makes for quicker cleaning.
- Tiring repeating content for am and pm in classes. Time goes fast!
- When will clubs start up? More info on that and when will Advisors get paid?
- Protocol for subs if off for two weeks with exposure? Are we supposed to Zoom from home? Take Sick Leave? Request sub? Etc More clarification on this please.

2. SEL Assembly:

- If done during class time, evenly spread out among classes, not just during period 2
- Focus on small communities covering: mindfulness/monitoring goals/motivation/discipline/choices to be successful Note: Book "The Four Agreements"
- Use of Character Strong, has good SEL components
